## TECHNICAL DESCRIPTION

### OVERVIEW

This mobile stand is designed to store and protect helicopter doors removed during maintenance. Its seven storage slots keep the doors organised and separated.

The width of the slots can be adjusted to suit different doors. The support arches are fitted with protective PVC sleeves.

Its aluminium frame includes a high-pressure laminate (HPL) platform covered with 10 mm felt padding to protect the platform surface.

## KEY FEATURES

**7 storage slots**
for helicopter doors

**Adjustable width**
custom fit for each door

**Protected arches**
PVC protective sleeves

**10 mm felt lining**
padding on the platform
